

Further Or Farther?

1. My school is further/farther away from my home than yours is.
2. You have made me curious, let's discuss it further/farther.
3. You've made your point, let's not talk about it any further/farther!
4. The mall is further/farther away than I thought it was.
5. Further/farther discussions are not necessary. You are grounded and that is that!
6. Is the North Pole further/farther than the equator?
7. How much further/farther is the park?
8. I have no further/farther advice to offer you.
9. Farther/further has the word distance in it so remember it refers to how far.
10. Let's talk about it further/farther tonight.
