

Name _____

My Non Verbal Language

For this activity, you will work with a partner and take turns being the actor and the recorder. For each of the feelings, the actor will show facial language and body language that matches the feeling. The recorder will guess the feeling and write down all the non verbal clues that lead to the feeling being shown.

Person being observed: _____

Sad: Describe the facial expressions and any body language that indicates the feeling of sadness:

Happy: Describe the facial expressions and any body language that indicates the feeling of happiness:

Disgust: Describe the facial expressions and any body language that indicates the feeling of disgust:

Angry: Describe the facial expressions and any body language that indicates the feeling of angry:

Fearful: Describe the facial expressions and any body language that indicates the feeling of fearful:

Surprised: Describe the facial expressions and any body language that indicates the feeling of surprise:
